HolidayCheck Gold Award

This year, the [HolidayCheck Gold Award](#) will be presented for the fifth time to hotels that are among the HolidayCheck Award winners thanks to outstanding reviews in the five years 2017, 2018, 2019, 2020 and 2023. In the pandemic years 2021 and 2022 the "HolidayCheck Special Award" was presented to reflect the special nature of the situation. There was no regular award ceremony, so these years do not count in the evaluation for the Gold Awards. This year, 152 hotels worldwide that delight their guests with a consistently high standard of quality receive this award, which serves as a particularly valuable guide for vacationers. The Gold Award 2023 goes 16 times to [Greece](#).

The HolidayCheck Award Process

Strict rules apply for the Award: To even be considered for the coveted Award, a hotel must have received at least 50 reviews over a twelve-month period (December 1, 2021 to November 30, 2022). The accommodations must also have been recommended by at least 90 percent of their guests.

Certainly, the HolidayCheck Award hotels must comply with the [Code of Conduct](#). It is important to note that the Award is decided solely based on holidaymakers' reviews. HolidayCheck has no influence on the Award. To ensure the authenticity of the reviews, they all pass through the verification system. In addition, HolidayCheck is working hard across the industry with the ["Together against fake reviews"](#) initiative to ensure that reviews on the Internet are authentic and trustworthy.
